^ all physicists (medical and non-medical) are eligible for subclasses 186, 407, and TSS (M). Only medical physicists are, however, eligible for visa subclasses: 189 (PT), 190, 485 (GW), 489 (F), 489 (S/T).

(\* ) means that there is a caveat on that skilled occupation for subclass 186 and TSS visas. The same caveats apply to these visas.

**IMPORTANT NOTE:** Lists are subject to change at any time. We recommend you check with the Department of Home Affairs (Immigration) website prior to the lodgment of your application, to ensure your nominated occupation is still on the relevant list.
